

Here's a few ideas for you to explore the theme more at home.

Genesis 9 8-17

! The wood the Ark was made out of is a mystery. The King James Bible says it was gopher wood but trees with that name don't exist today. The NIV version uses cypress wood, which is what Phoenicians built their ships with.

Question for God

Are there any bits of your creation that you are particularly pleased with?

Try this at home! February 2021

Love our World

Space on the Ark

Can you create an imaginary animal that you would put on the Ark? What would it look like? Would it have special abilities? What noise would it make? You could talk about it, draw it, or imagine it together as a group.

Build an Ark

- Build yourself an Ark with clothes airers, sheets and pegs, or under tables or wherever you like. Don't forget space for the animals!
- Can you build an Ark out of empty cereal boxes or other things that go in the recycling?

To think about...

Have a look at the 4-zero resources. Are there some simple steps you can take to live a little more sustainably? Everyone is living through a difficult time right now, so don't take on too much, but a few simple things can make a difference.

If I was going on the Ark, I would pack.....

This is a version of the game 'I went to the market and bought....' where each person takes it in turns to add another thing to the list, while remembering what everyone else is taking too!
